Survival

For children (0–14 years old) by 10-year periods

Survival

For adolescents (15–19 years old) by 10–year periods

Survival

For children and adolescents (0–19 years old) by 10-year periods

Survival

1-, 5- and 10-year rates for children (0–14 years old) by period and sex

Error bars represent 95% confidence intervals

1999–2008

2009–2018

2019–2023

Survival

1-, 5- and 10-year rates for adolescents (15–19 years old) by period and sex
